livered the third of the Dodge lectures  
on "The Responsibilities of Citizen-  
ship" at Yale.  
With 190 members present the  
twentieth annual convention of the  
American Federation of Musicians  
opened at Cleveland, O.

## HUMMEL IN PRISON.

New York Lawyer Begins Serving His  
Sentence.

New York, May 21.—In a big tour-  
ing car Abraham Hummel left his  
home in East Seventy-second street to  
go to Blackwell's Island to serve a  
year in the penitentiary for conspi-  
racy in the Dodge-Morse divorce  
case.

His method of going to the penitentiary  
was almost on a par with a dinner  
he gave a few nights ago at which  
he bade farewell to a score of friends  
prior to his imprisonment. About 100  
curious spectators and reporters were  
gathered in front of his residence  
when Hummel endeavored to depart  
for Blackwell's Island without observa-  
tion. An automobile had been stand-  
ing at the curb for several hours when  
one of Hummel's friends left the house  
and entering the machine was  
whisked away.

The spectators followed a short dis-  
tance and returned to the house just  
as it drew up to the curb again and  
Hummel, holding a handkerchief be-  
fore his face to prevent a snapshot  
picture, jumped into the tonneau and  
was whisked away.

For about three hours he was driven  
around the city and then surrendered  
himself to a deputy sheriff, who took  
him by an unfrequented route to  
Blackwell's Island. He will be put to  
work in the bakery.

## Reduce Your Fat

Costs Nothing to Try

Rengo, one of the most famous products of  
the land, is now declared by scientists to be  
Nature's own marvelous cure for obesity or  
excess fat.

This illustration plainly shows what Rengo  
Has Done.

Rengo does more than reduce the weight  
and get rid of the fat. It does all this with-  
out weakening the patient, or otherwise work-  
ing him hard and it positively builds  
up the health, giving in-  
creased strength and vitality.  
It brings almost im-  
mediate relief from the dan-  
gers of fatty degeneration of  
the heart and other fatal  
conditions which nearly al-  
ways accompany excess fat.  
There is nothing "just as  
good" as Rengo. For sale by  
all druggists at \$1.00 per full  
sized box, or by mail pre-  
paid by The Rengo Co., 3673  
Rengo Bldg., Detroit, Mich.  
If you prefer, they will  
gladly send you a trial  
package free by mail.

For sale and recommended in Brainerd by  
H. P. Dunn & Co., Druggists.

### Volcanoes Again Active.

Messina, Sicily, May 21.—The Strom-  
boli and Mount Etna volcanoes again  
are active, and especially Stromboli.  
Deafening explosions are of constant  
occurrence and the population of the  
island is in terror.

### Scrugham Held for Trial.

New York, May 21.—Magistrate  
House held George R. Scrugham, man-  
ager of the International Policyhold-  
ers committee, Charles E. Stirrup and  
C. F. Carrington, as assistants to  
Scrugham, for trial in the court of gen-  
eral sessions on charge of violating  
that section of the penal code that  
makes it conspiracy "to obstruct the  
due process of the law."

## BRONCHIAL TROUBLES

Readily Yield to Soothing, Healing  
Treatment of Hyomei

Bronchial troubles are purely local  
They cannot be helped by stomach dos-  
ing. They are caused by irritation in  
the air passages and can be relieved and  
cured by medicated air alone. In this  
lies the secret of the great success of  
Hy-o-mei in the treatment of bronchial  
troubles.

The Hy-o-mei medication, laden with  
nature's remedies, is breathed through  
the neat pocket inhaler that comes with  
every outfit, reaching every part of the  
bronchial tubes and killing at once the  
disease germs. It allays all irritation  
and heals the inflammation of the  
mucous membrane with astonishing  
rapidity.

Treatment with sprays, douches and  
atomizers in bronchial troubles is con-  
demned by the best physicians, as they  
caused further irritation.

The first breath of Hy-o-mei's medi-  
cated air seems to smoothen the inflamma-  
tion, stop the cough and thus relief  
soon becomes permanent and a cure re-  
sults.

Hy-o-mei has made many remarkable  
cures in the worst and most chronic  
form of bronchial troubles and is sold  
by H. P. Dunn & Co with the same  
guarantee as they give when Hy-o-mei  
is purchased for catarrh, that is, to re-  
fund the money in case the remedy does  
not give satisfaction. The complete  
outfit costs but \$1.00

### Progressive Boston Institution.

A Boston bag, blue, carried by a  
Brookline woman, contained a lapdog.  
This is a step in advance of beer bot-  
tles and luncheons in them, says the  
Boston Record. The expectation is  
forming that babies will be next car-  
ried in them.

### A Narrow Escape

G. W. Cloyd, a merchant of Plunk,  
Mo., had a narrow escape four years  
ago, when he ran a jimson bur into his  
thumb. He says: "The doctor wanted  
to amputate it but I would not consent.  
I bought a box of Bucklen's Arnica  
Salve and that cured the dangerous  
wound." 25c at H. P. Dunn & Co.,  
druggists.

C. T. Gleason and F. A. Handrahan,  
piano tuners, of St. Paul, will be in  
Brainerd two weeks commencing Tues-  
day, May 21. All tuning orders should  
be left at the National hotel.

## CHANGE OF VENUE ASKED

Case of Mrs. Emma Kaufmann Called  
for Trial.

St. Louis, S. D., May 21.—The case  
of Mrs. Emma Kaufmann, wife of  
Moses Kaufmann, a wealthy brewer,  
charged with the murder of Miss  
Agnes Polreis, her young domestic,  
was called for trial before Judge E. G.  
Smith of Yankton in the state circuit  
court. Judge Frank R. Alkens of the  
attorneys for the defendant filed ap-  
plication for a change of venue, alleging  
that because of the state of the public  
mind in Minnehaha county the de-  
fendant would be unable to secure a  
fair trial here.

The evidence in support of the ap-  
plication was not all in when court ad-  
journed for the day.

Artists have no trouble in securing  
models. The famous beauties have dis-  
carded corsets and have become models  
in face and form since taking Hollis-  
ter's Rocky Mountain Tea. 35 cents,  
tea or tablets. H. P. Dunn & Co.

## AGAINST OIL TRUST

Complaint Made to Minnesota  
Secretary of State.

## DISCRIMINATION IS ALLEGED

The Standard Said to Be Selling One  
Grade of Oil Cheaper in St. Paul  
Than in Other Cities—Attempt May  
Be Made to Oust the Combine.

St. Paul, May 21.—What is probably  
the first step in proceedings intended  
to oust the Standard Oil company  
from doing business in Minnesota was  
taken when Joseph Bartles of the  
Bartles Oil company of St. Paul, to-  
gether with oil dealers from Stillwa-  
ter and St. James, lodged a complaint  
against the Standard Oil company  
with Secretary of State Julius  
Schmal under the provision of the  
Hinton bill passed at the recent ses-  
sion of the legislature. They were  
not, however, prepared to file their  
complaint in writing and as no action  
will be taken by the state until this  
is done they left to consult an attor-  
ney and have the complaint drawn.

The Hinton law, after specifying  
what shall constitute violations of the  
law, provides that if complaint shall  
be made to the secretary of state that  
any corporation is guilty of discrimina-  
tion between different communities or  
cities of the state, it is made the duty  
of the secretary of state to refer the  
matter to the attorney general, who  
may if the facts justify institute pro-  
ceedings in the courts against such  
corporation. Another section provides  
that if any corporation shall be found  
guilty of discrimination it shall be the  
duty of the secretary of state imme-  
diately to revoke the permit of such  
corporation to do business in this  
state.

According to the complaint made  
orally to the secretary of state, the  
Standard Oil company is selling a cer-  
tain quality of oil in St. Paul under the  
name "Perfection" for 9 cents a gal-  
lon and that it is selling the same  
quality of oil under a different name  
in Stillwater and St. James for 10  
cents, where the difference in the  
freight charges owing to the longer  
haul to those points would only war-  
rant a charge of one-quarter of a cent  
more than in St. Paul.

It is claimed by the oil dealers that  
they had had tests made of the two  
kinds of oil with the result that the  
oils were shown to be identical in  
quality.

## CASHIERS DEFAULTED.

Two Indian Territory Banks Said to  
Have Suffered.

Muskogee, I. T., May 21.—Because  
of the alleged defaulting of cashiers  
two national banks of Vinita have lost  
approximately \$19,000. W. P. Phillips,  
cashier of the First National bank at  
Vinita, has been indicted at Nowata  
because it is alleged he was short in  
his accounts to the amount of \$8,600.  
Phillips went to Mexico, his friends  
making good the shortage and even  
business men in Vinita did not know  
of the affair until the report of the grand  
jury was made public.

J. F. Quillian, cashier of the Vinita  
National bank, is under guard at his  
home and ill from the effects of car-  
bolic acid taken with suicidal intent  
immediately after Bank Examiner  
Hale began an investigation of the  
condition of the bank. It is stated  
that the bank examiner found a de-  
ficit of \$10,000.

## CAPTURES HIS COMRADES

Negro Convict Prevents Their Escape  
From a Chain Gang.

Americus, Ga., May 21.—Fourteen  
convicts attempted to escape from the  
Sumter county chain gang. The men,  
most of them negroes, sprang upon  
two of the three armed guards whom  
they caught unawares. They wrested  
from the guards their weapons, thus  
rendering them incapable of interfer-  
ing with the escape. The remaining  
guard offered no opposition.

As the fourteen convicts made off,  
Brady Reddick, a negro convict, took  
the gun of a guard who had fled and  
pursued the escaping convicts. He  
overtaken them before they had sepa-  
rated, covered the gang with his  
weapon and marched ten of them back  
to the camp.

## DOZEN PERSONS INJURED.

Passenger Train Runs Into a Derailed  
Freight.

Utica, N. Y., May 21.—The Buffalo  
and Cleveland express, westbound,  
ran into a derailed freight train four  
miles east of Little Falls and all but  
the four last Pullman coaches were  
thrown from the track. It is under-  
stood that ten persons were injured  
and the engineer and fireman are  
quite badly hurt.

An ambulance from Little Falls has  
made several trips to the scene of the  
wreck carrying the injured to that  
place.

## All our Coats and Suits greatly reduced in price

There is not a novelty coat or suit in our store  
but that we have reduced in price. This means  
that the choicest garments to be had may now be  
bought at a very low figure. We quote some  
prices here which are but a sample of what we  
are offering.

\$5.50 Spring Coats at but \$3.49  
\$6.50 Spring Coats at but \$4.49  
\$7.00 Spring Coats at but \$4.98  
\$7.50 Spring Coats at but \$5.49  
\$8.50 Spring Coats at but \$5.98  
\$10.00 Spring Coats at but \$8.49  
\$15.00 Spring Suits at but \$11.98  
\$22.50 Spring Suits at but \$19.50  
\$25.00 Spring Suits at but \$21.50

Besides the above coats we have a large  
number of better garments—those selling at  
\$12.50, \$15.00 and \$17.50—that will also be in-  
cluded in our offerings.

Light weight coats are a necessity in this cli-  
mate all the summer through and these bargains  
should be very attractive as a consequence.

Beware of Ointments for Catarrh that Contain Mercury.

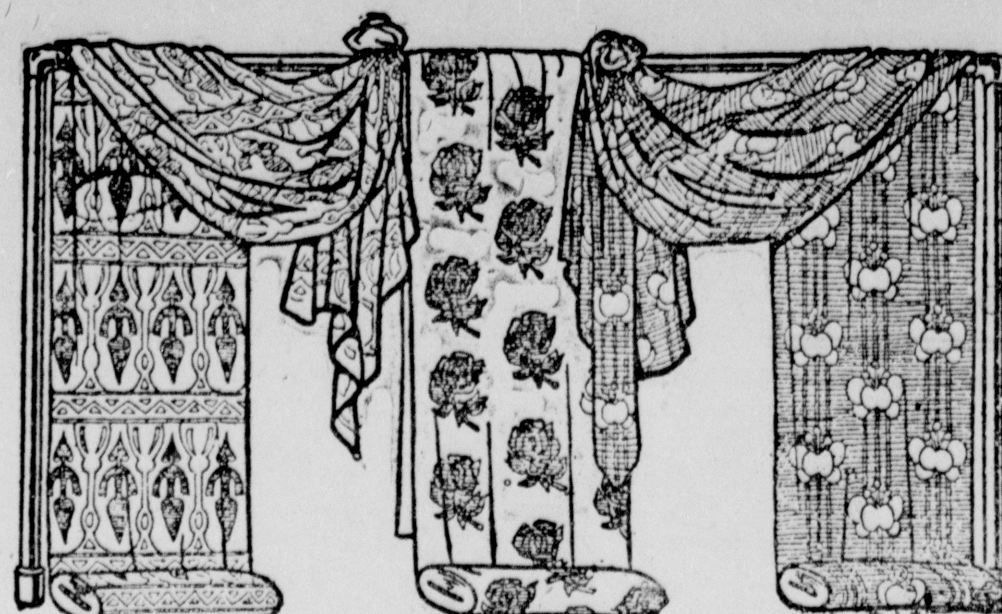

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used, except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney &amp; Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney &amp; Co. Testimonials free. Sold by druggists. Price 75c per bottle. ## VERY PLEASANT SURPRISE

Friends of Mrs. Fred S. Parker Gave Her Pleasant Surprise the Occasion Being Her Birthday

The 20th being the anniversary of the birth of Mrs. Fred S. Parker about 25 friends of that lady sprung a very pleasant surprise upon her on the evening of that day. They assembled at the residence of Mr. and Mrs. Henry Spalding and went in a body to the residence of Mr. and Mrs. Parker, on North Fourth street, where the evening was very pleasantly spent in conversation, playing five hundred, etc. Two very hand some electric lamps were presented to Mrs. Parker as a token of the esteem in which she is held by her many friends. Delicious refreshments were served and all present enjoyed a happy evening.

## One-third of his Time Sleeping

Considering this, do you not think it a wise idea to procure good comfort during that one-third of your life? Your ancestors obtained that comfort by making a feather bed. Ten years ago, a hair mattress was thought to be the thing. Today however, the cotton felt mattress is considered, by both rich and poor, to be the most comfortable and enduring mattress made. The Ostermoor is the King of the cotton-felt mattresses. We are the exclusive agents of the Ostermoor.

## ALBERT WILLIAMS WANTS DIVORCE

Husband of Myra J. Williams,  
Serving Life Sentence Wants  
to be Free

HE WOULD WED ANOTHER  
Thought her Conviction Divorced  
Him and Sought Marriage  
License in Duluth

Duluth, May 20.—Albert Williams, formerly of Brainerd, has begun divorce proceedings in the district court of this county, against Myra Jane Williams, who was sent to the state penitentiary in 1903, to serve a life sentence for the murder of her two-and-one-half-year old child. Mr. Williams bases his petition on the fact that his wife has been indicted for and convicted of felony, which under the laws of this state is held to be ample ground for divorce.

In his complaint, filed today by W. D. Edson of this city, Williams says he is 31 and his wife 26 years old and that they were married in Morris, Minn., March 4, 1901.

The crime which Mrs. Williams committed was of a shocking nature, and her trial and confession attracted widespread interest. Her confession showed that after a night of debauchery with two men, she threw her child in the Mississippi river, where it drowned. The mother then went back to Brainerd and reported that the child had been stolen.

She was indicted for murder in the first degree, and was subsequently convicted, given a life sentence in December, 1903. Mrs. Williams confessed to the county attorney of Crow Wing county before sentence was imposed. She is still alive in the penitentiary.

The circumstances surrounding Williams' application for a divorce are somewhat peculiar.

He came to Duluth with a woman some days ago and visited the office of the clerk of court for the purpose of getting a marriage license. Being questioned concerning his previous marriage and whether he had a divorce, Williams admitted that his wife is still living and that he had no divorce, but said he supposed her conviction of felony freed him. It was explained by the court officers that it would be necessary for him to get a divorce and then wait six months before another license could be legally issued and his second marriage take place in Minnesota.

Although he appeared to be disappointed at the state of affairs he found himself in, Williams was determined to be remarried, and he began the action for a divorce to remove the bar to his second union.

### GOOD REPORTS OF CUYUNA RANGE

St. Cloud Journal Press Con-

Range Prospects

### MANY RICH FINDS REPORTED

St. Cloud Gentleman Has Been  
Making Investigations Regard-  
ing Iron Found

That the faith in the Cuyuna range is even greater outside of Crow Wing county is shown by the following article from the St. Cloud Journal Press:

"A local gentleman who has just returned from a trip through the Brainerd country, states that the amount of ore which has been discovered in that vicinity is amazing. During the past week Brainerd parties have been prospecting on a certain 80-acre tract of land east of that city. They found ore as far down as 800 feet below the surface and estimate that two hundred million tons can be taken out. This property alone is said to be worth several million dollars. The parties who own the property are now closing a deal with the United States Steel company for a sale. Another local man who has been keeping in touch with the property near Brainerd, states that there is a tract of land southwest of Deerwood on which iron ore has been found three hundred feet below the surface. The ore has been examined by experts and pronounced to be the best on the range. It is said to contain at least 65 per cent iron. Harrison & Crosby of Duluth own this property and it will be mined this summer. Parties from all over the state have become convinced that there is a large amount of ore in this district and many new drills have been installed during the past few weeks. Many people from this city are interested in iron lands in this vicinity and the reports coming from that territory certainly are good."

My Best Friend  
Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough and this accomplished, the others symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous. No other remedy has ever equaled it. Fully guaranteed by H. P. Dunn & Co., druggist. 50c and \$1.00. Trial bottle free."

## CONTRACTS FOR CEMENT WORK

Were Let by the City Council at  
Regular Meeting Last Mon-  
day Evening

### ELECT STREET COMMISSIONER

Much Routine Business Trans-  
acted at Session Which  
Was Harmonious

The most important steps taken by the city fathers at the regular session Monday night were the letting of the contracts for cement sidewalk work and cement curbs, the instructing of the street commissioner to pave Sixth street South and the election of a street commissioner.

When Vice President Farrar called that body to order the following aldermen answered to their names: Zakariassen, Drexler, Farrar, Fogelstrom, Turcotte, Graham and Toohey.

The city engineer presented a report on the cost of two catch basins at the corner of Fifth and Kingwood streets. Report was on motion accepted and the city clerk was instructed to order two cast iron catch basins, the basins to be put in and connected with the sewer by the sewer committee.

President Johnson came in and took the chair.

The street committee reported advising advertising for bids for the grubbing and turnpiking of the Drake road on the south side of the city. The same was ordered after instructing the city engineer to prepare plans and estimates thereon.

The street committee asked further time in the matter of a sidewalk to the Laurel street bridge over the Mississippi, which was granted.

The finance committee reported that the books of the city clerk and city treasurer for the month of April had been examined and found to be correct.

The finance committee reported that as nearly as they can ascertain there was during 1901 and 1902 the sum of \$3,232 paid out for care of small pox cases, to which the city is entitled to at least half to be paid to them by the county, and which it is claimed has never been paid. President Johnson was of the opinion that at least a portion had already been received. The matter was left with the committee for investigation.

The street committee reported that the crossing on Juniper street, on the east side of Ninth street North, was in bad shape and it was ordered repaired. The same action was taken regarding a bridge on South Fifteenth street.

The sewer committee reported that the plank had given away in two or three places on the roof of the general sewer and the matter of repair was left with them with power to act. The matter of the Northern Pacific railroad company filling in over the wooden sewer at the north side of the dump was again discussed but no action was taken.

The fire committee reported that it had purchased a wagon for the fire department from the estate of the late Elmer E. Warren at a cost of \$45 and that it had sold the old wagon to C. H. Paine for \$10. The report was on motion accepted.

The matter of another fire horse or team was again brought up. The fire chief reported that Con O'Brien had a 1400 pound horse, which could be bought for \$175. An alderman asked if an injunction went with the horse, and the matter was left to the fire committee.

A communication from property owners on North Tenth street was received stating that the streets had been left in bad shape by the sewer contractors and demanded that they be put in proper condition at once. A letter was also read by the clerk from the contractors, Messrs. Ryan & Johnson, stating that they would be here May 22 to repair the street and there was no action taken on the communication.

The bond of R. K. Whiteley, as city engineer, in the sum of \$5,000, was on motion accepted.

A. T. Larson appeared before the council and asked that a telephone pole which was no longer used be removed from the street in front of his property or that he be authorized to remove it. The city clerk was instructed to ask the telephone company to remove the pole. The bids on cement sidewalk were then opened as follows:

J. F. Vaughn walk, 78 cents per square yard. Filling and excavation, 15 cents per cubic yard.

A. Everett walks, 68 cents per square yard, excavation and filling 20 cents per cubic yard.

Z. J. LaBlanc & Co., walks, 76½ cents per square yard, excavation and filling, 20 cents per cubic yard, alley crossings 85 cents per square yard.

On motion the bid of A. Everett was accepted.

The bids for curbing on South Sixth were then opened.

The city clerk had advertised for bids on two forms on curb No. 1, for curbing alone, No. 2 for curb and gutter combined. The bids received were as follows:

J. F. Vaughn, No. 1, 29½ cents per lineal foot. No. 2, 44 cents per foot.

A. Everett, No. 1, 32 cents, No. 2, 45 cents.

Z. J. LaBlanc & Co., No. 1, 37½ cents, No. 2, 46½ cents. LaBlanc & Co. also submitted a bid on a curb composed of three parts sand and gravel to one of Portland cement at 40½ cents for No. 1 and 49½ cents for No. 2.

The council voted to use the No. 1 curb and accepted the bid of J. F. Vaughn, it being the lowest.

There were no bids for paving Sixth street received and on motion it was ordered that the city proceed to pave that street the work to be done by the street commissioner under the supervision of the city engineer.

The election of street commissioner was then taken up. Applications were read from James Slaughter, Christ Anderson, P. J. Kiey and J. H. St. Peter. An informal ballot resulted as follows: Slaughter 1, Anderson 4, St. Peter 3, Frank Walker 1. Mr. Walker thanked the friend who voted for him and stated that he was going to leave the city in a few days and could not accept if elected.

The second formal ballot resulted, Anderson 4, St. Peter 4. The third ballot showed no change and the matter was passed up to Mayor Wise who cast his vote for Mr. St. Peter, who was declared duly elected.

A. L. Hoffman asked permission to increase the width of the sidewalk on the east side of his building at the corner of Sixth and Laurel streets. The matter was referred to the street committee.

The four hose companies and the Hook and Ladder company were each allowed the sum of \$75 out of the city treasury.

A resident of Northeast Brainerd appeared before the council to protest against the destruction of the bicycle paths by teams. The matter was referred to Mayor Wise, who stated that he would instruct the police to enforce the ordinance regarding the same.

A communication was received from the Brainerd band asking the city to appropriate the sum of \$200 for band concerts. The council was favorably disposed but the city attorney stated that they had no legal right to appropriate money for that purpose and Mayor Wise stated that he would give \$25 toward \$200 to be raised by private subscription.

Mr. Seville, representing the firm which sold the street roller to the city was present and stated that he should unload the roller and give a demonstration of it and then leave it in the charge of the city until the legal questions involved were settled.

### Wonderful Eczema Cure

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at H. P. ### ALL HANDS TO THE WORK

Tomorrow is to be Brainerd's  
First Appointed Cleaning Day  
—Should be a Success

### OF GREAT VALUE TO BRAINERD

Value of Such a Movement is  
Freely Commented Upon by  
Public Spirited Citizen

Tomorrow is the day appointed by the mayor and endorsed by the Civic League as public cleaning day. Brainerd has many citizens who take the greatest of pride in their homes but it is believed that a greater work can be done if the cleaning of the city be made a matter of public interest.

One interested business man commenting upon the movement said:

"Brainerd is a better city than the average resident recognizes. The fact of the matter is that there is little public spirit shown here. We talk about the beauties of other cities and fail to recognize the fact that we have the making of a pretty city and it can be done easily if each one will do his share. Until our residents take more pride in their homes, our business men more care that the alleys are at least sanitary and until there is a greater interest in the good of our city generally we may expect that even our own people will 'knock' the city. From a commercial standpoint or from any other standpoint this city cannot afford to treat this movement lightly."

It is understood that this cleaning day is but the beginning of a series of movements that will greatly change the physical appearance of the city.

**They Stand Alone.**  
Standing out in bold relief, *all alone*, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections, whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.  
Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—printed in plain English. This frank and open publicity places these medicines in a class all by themselves, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither—being of known composition.  
Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.  
A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native American forest plants. These are the best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.  
It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

## SERIOUS RIOTS OCCUR

**Black Hundreds Mercilessly Beat Jews at Odessa.**

**POLICE REMAINED PASSIVE**

Made No Effort to Check the Mob, Which Ran Wild Through the Streets, Beating People—More Than One Hundred Seriously Injured.

Odessa, May 21.—Following the assassination of three police officials here serious rioting occurred and the Black Hundreds ran wild through the streets, mercilessly beating people, particularly Jews, more than 100 of whom were seriously injured soon after the disturbances began.

The police apparently remained passive spectators of the disorders. No arrests were made and the Black Hundreds continued their work of revenge unchecked.

The tragedy that led to the rioting was openly enacted. While the superintendent of police and a number of other officials were in the central police bureau two men and a girl entered the building, deposited an infernal machine in the office and went away. The machine exploded almost immediately afterward, killing the chief of police and the chief detectives of the city. They were blown to pieces and seven other persons were seriously injured. The police pursued, fired at, wounded and captured the two terrorists, but the girl escaped. The leader of the terrorists was subsequently identified as a man named Tcherthoff.

The two detectives killed were bitterly hated by the terrorists, one of them for participating in inciting the outbreaks of 1905, and the other, who was nicknamed "the hangman," because he had tortured political prisoners.

## TRAGEDY IN MINNESOTA.

Threat to Kill Followed by Death of the Man Who Made It.

Deer River, Minn., May 21.—Allan Witt was shot and killed on a homestead near here by David Cochrane, a well known attorney of this city who was formerly judge of probate in Wright county. Cochrane is under arrest at Grand Rapids. He claims he killed Witt in self-defense.

The tragedy occurred at Fred Anderson's homestead, where Cochrane was staying. Witt, it is alleged, made threats against Cochrane, accusing him of persistent animosity and claiming that Cochrane and Anderson were in conspiracy to defraud him.

Witt went away and later returned while Anderson had gone to one side of his cabin for tobacco. Anderson, it is alleged, heard Witt say "I'll shoot the old ——" and then he heard the report of a rifle outside the cabin, followed by another detonation from inside the cabin. Cochrane had fired through the open door, the bullet hitting Witt in the heart. The bullet from Witt's rifle passed through one of the windows of the cabin.

## ADOPTED BY THE HOUSE

Resolution Expressing Joy at Czar's Escape From Death.

St. Petersburg, May 21.—Previous to the opening of the session of the lower house of parliament a resolution expressing the great joy of the house at Emperor Nicholas' escape from death at the hands of those who plotted his assassination and the deepest indignation at the recent conspiracy was unanimously adopted.

The reading of the resolution called forth hearty applause, but the expected monarchist demonstration did not take place. The Social Democrats, Social Revolutionists, part of the Group of Toil and others were absent from the house when the resolution was presented and adopted.

In announcing the discovery of the plot, Premier Stolypin said that not only was the emperor's life aimed at, but that the plotters intended to assassinate Grand Duke Nicholas Nicholasievitch, president of the council of national defense, and himself.

The premier opened his address by saying that the accounts of the plot as published in certain foreign newspapers were extremely exaggerated.
